

## Capabilities Statement

Cage Code: 6M8D9 DUNS #: 098366920

**Metal Roofing Systems, Inc.** (MRS) specializes in the manufacturing metal panels for roofs, walls, soffits in addition to edge metals, copings, fascia, and trims for government, commercial, and residential installations. We have manufacturing branches located in North Carolina, South Carolina, Tennessee, and Virginia, all strategically located to deliver our top-quality products to military installations throughout the southeast. We employ U.S. Military Veterans and have a long history of partnering with roofing contractors for various government and military projects. We also have a large network of highly trained and certified roofing contractors, which we can use to generate interest in any project. With our certified installer program, we offer hands-on training to educate the installer on the installation details which ensure the MRS system is being properly installed. Our Capability Statement is here for your review. We stand behind our products, the best warranties available in the marketplace, and can provide many additional services to support your project. We look forward to the possibility of working with you on future federal projects.

Faster. Smarter. Better. **Period.**

## CORE COMPETENCIES

### Manufacturer Providing:

- On-Call Technical Support
- 24-Hour Pricing
- Shortened Lead Times
- On-Site Delivery
- Problem-Solving & Engineering Support
- Product Excellence
- Extensive Color & Product Selection
- Full Estimates
- Weathertightness Warranty Inspections
- Jobsite Measuring
- Shop Drawings
- Submittals
- ANSI/SPRI ES-1 Testing
- On-Site Comprehensive Hands-On Installation Programs
- Provider of Continuing Education Credits: AIA Courses

## COMPANY SNAPSHOT
